

"For all your refinishing supplies, equipment and training needs..."

NAPCO Overspray & Gun Cleaner

NAPCO Overspray & Gun Cleaner is a must have item to stock in every work vehicle, because it's invaluable for:

- cleaning overspray on unpainted hard surfaces (tile, glass, ceramics, etc)
- cleaning your spray gun
- eliminating silicone contamination in the prep process

The powerful solvents in NAPCO Overspray & Gun Cleaner will do triple duty for you - what other product in your work vehicle can do that?

Using Overspray & Gun Cleaner will drastically change the quality of your work. Your cleaner gun will give you a smoother glossier finish, and the elimination of silicone contamination will practically make fish eyes and the resulting call backs a thing of the past.

Get some Overspray & Gun Cleaner today and take your work to a higher level!

Because NAPCO Overspray & Gun Cleaner is such a powerful product, it can melt certain types of plastic products. Protect delicate surfaces when using this product. As an alternative, we also offer Isopropyl Alcohol for more delicate surfaces.
